

# KENOSIS

TO BUILD A HOME

Christmas Gifts 2021

## Become a part of our story

Kenosis means voluntarily stepping out of a place of privilege to instead serve the marginalised. We believe in a world where people feel 'at home'. Unfortunately the reality is often much harsher and too little value is placed on our worth as individuals.

That's how our mission was born: to create a place where everyone feels seen, heard, encouraged and valued. We work as a team. We work with people. We work with members of Roma communities and we strongly believe that we all deserve a chance.

We treat wood to enhance its natural characteristics, in the same way that we enhance the individuality and potential of each member of our team. We work with resin, wood inserts and leather and that's why our products are designed to last for generations.

By buying our products, you make our story unfold further and you give wings to the dreams of those who weren't given many chances.
